

Dear Parents and Carers,

We realise that we have bombarded you with information over the past few days, but we have just set up an online learning platform, which you are welcome to join. Children will be able to share their home learning with their class teacher on a daily basis. Children can access daily learning activities and share their responses with their class teacher.

Class teachers will update learning activities each week and will monitor responses to any learning activities.

In order to access this online learning platform, you will need to set up a 'student account' for your child. This can be done at: <https://www.showbie.com/> where you can sign up for free.

Once you sign up for a student account and log in you will be asked for a 'Class code'. The codes for each class can be found below:

Class	Class code
Bobtails	M9D3N
Snow Leopards	6KGLE
Tigers	A7LBR
Cougars	9NYLT
Ocelots	4LLTB
Jaguars	F543K
Lions	TW45P

Once you have gained access to your class page, you will be able to see any 'assigned work', which will be set by the class teacher. By clicking on an assigned piece of work, you will then be able to submit a response. This could take the form of a message, photograph or file.

Staff will begin sharing learning activities on Monday 23rd March. In the meantime, please create a student account in readiness.

Many thanks,

All Saints' staff.
