

**All Saints Primary School, Alrewas**

**Governor Newsletter  
January 2017**

Last term was a very busy one!

Young Leaders were a great help in supporting the children and lunchtime staff. We also started a system for KS2 helping with the KS1 children on the playground with games etc. We also now have nursery helpers working in a similar way. This has been (and continues to be), a great success and very much enjoyed by the children involved.

Having attended a training course on Risk Assessments where it was suggested that children be involved, we decided to give it a go. As a result of working together, a group of children from across the school produced risk assessments for lunchtimes as well as classrooms. The children took it very seriously and came up with a range of sensible ideas. These risk assessments can be seen displayed around school - in the hall as well as the classrooms.

We are looking forward to more Health and Safety work later this term. Thanks to all the children involved.

Jean Simpson  
Health, Safety and Premises Governor
