

Nick Kilford

I was elected as a co-opted governor in November 2015, joining the Finance Committee upon appointment and subsequently taking on the Chair of this Committee with effect from September 2016.

My background is in the Financial Services industry. I took early retirement in November 2014 following a 39 year career with one of the major banks where I undertook a number of senior leadership roles. My experience includes the leadership and performance management of large teams, involvement in the setting and implementing of policy and strategy, and credit management where I exercised a significant personal lending discretion.

In retirement I spent several years until 2019 as a director of the Lichfield based Fusion Credit Union where I had lead responsibility for finance. I am an active member of All Saints Church & St Stephens Church Fradley including serving as Treasurer and a member of the Parochial Church Council for both churches. I am also a Trustee of the Alrewas Show.
