Gas Supply

We are currently waiting for a part for our boiler, which means we have no gas supply in school. It is highly likely that this will still be the case on Monday and we will therefore have to offer a cold lunch – sandwiches, salad, fruit, yoghurt.

Can you help us?

The school and PTFA have plans to beautify and update the 'Temporary' Classroom (at the back of school) to make it into a creative space suitable for 'messy' activities such as art, design technology and cooking. To do this we need to make some alterations. What we're hoping is a kind of take on the TV programme 'DIY SOS' where the school community come together and collectively we can change this space into a wonderful, bright place to learn through practical activity. The plans are to try and get this class ready for the new school year in September 2021.

Specific things we'd be looking for help with would be:

- Electrics
- New Flooring
- New Blinds
- Worktops
- Plumbing
- Cooking Equipment
- Cash Donations

So if you have any expertise/contacts in the above areas, please let the school know. We can try to coordinate plans, budgets and timetables once we get a good idea of what help we have on our doorstep.

Thanks the PTFA

Just a gentle reminder...

Please encourage your children to remember everything that they need for their day at school, and only bring to the office items that are required urgently by pupils. Thank you.
