Public Health Information regarding Respiratory Infections including Coronavirus COVID-19

We have received this information from Staffordshire Education Safeguarding Advice Service and are happy to share it with you.

https://www.gov.uk/government/publications/guidance-to-educational-settings-about-covid-19?utm_source=0838c43c-a339-43ae-9907-dc17db5859ec&utm_medium=email&utm_campaign=govuk-notifications&utm_content=immediate

This guidance will assist schools and other educational settings in providing advice for pupils, students, staff and parents or carers regarding:

- *the novel coronavirus, COVID-19,*
- *how to help prevent spread of all respiratory infections including COVID-19,*
- *what to do if someone confirmed or suspected to have COVID-19 has been in a school or other educational setting, and*
- *what advice to give to individuals who have travelled from specified countries or areas within the last 14 days, including school trips.*

In the meantime, we are checking daily for Government, Local Authority and NHS advice and updates on the current situation with the virus. We would be grateful for your co-operation in informing us of any family members who may be affected. In these circumstances, please contact Ms Golden or the office staff as soon as possible. In school we will continue our normal high standards of hygiene and hand washing and are constantly reminding the children.
