

## **Parent Forum Minutes**

**7th May 2019**

### **Road Safety Update**

Tracy Horton came in to deliver a Road Safety Awareness Day. There is now road safety awareness signage outside the school. The road safety poster competition resulted in 3 winners.

### **Best Work Badges**

Two badges have been given out in each class, one for consistent neatness and one for endeavor.

### **Toy Recycling and Collection**

This is a fundraiser where money can be received in return for used toys. Collection date is **Friday, 7th June**. (More information on the newsletter)

### **Maths Workshop/Times Tables**

The maths workshops were well attended. The presentation is available on the school website. It was suggested that a times table workshop, providing tips for parents, would be useful.

### **Pressure of tests**

It was suggested that the pressure on children from tests is given consideration, supporting potential anxieties, as well as revision and exam techniques to be taught.

### **After-school foreign language club**

This was a popular idea, with a suggestion of Mandarin and Spanish as languages. Anyone who is interested leading the club is encouraged to contact school.

### **Fundraising**

Ideas for fundraising alongside the PTFA would be welcomed. Parents have been asked to contribute to Fund Money via ParentPay.

**Next meeting - Tuesday, 11th June, 9am**
