

School Council Newsletter

Events Throughout This Term!

SCIENCE DAY

On the 23rd May 2016, we explored the interest of science. Each class discovered and found out about a variety of different topics covering the science curriculum (for example year 6 learnt about shadows and light).

SPORTS DAY

We ought to say a tremendous thank you to all the caring parents and guardians, for supporting all the students of this exceptional school, and also for helping us raise money for our sporting equipment. Also, all of the houses worked so hard to accomplish everything that they could to receive the prestigious award of the sports day winning trophy, which eventually went to: St David!

Trip to Packington Farm

During the week, Leopards and Lynx visited Packington Farm. They had a wonderful time during their school trip on the 16th, (Leopards came that day) and 26th, (the day that Lynx came). They discovered a lot in their time there, including quite a lot of knowledge about crops and habitats, all thanks to all the fabulous and teachers and all the other adults that accompanied them.

All our exciting adventures in this term!

Year 6 S.A.T.S

On the 9th May the year sixes had to experience a very hard week of S.A.T.S! Well done for all of their hard work!

Coming up!

We are a very busy school and are always doing something new. Coming up this term is the summer fete and your children have brought home raffle tickets for you and your family to win amazing prizes- including £50 as well as champagne!
