

Dr Zoe Cross

I was co-opted to the Board of Governors in November 2020 and in addition am now a member of the health and safety sub-committee.

As a clinical psychologist I am passionate about mental health and the well-being of others and have over fifteen years' experience of working with a range of difficulties across the lifespan; within both the NHS and with independents. My particular area of expertise however lies in the field of children and young people. This being reflected in my current professional appointment, working with the education sector advising schools on the implementation of a whole school approach to mental health.

Both personally and professionally, I am committed to supporting the children and the staff of All Saints School to ensure that each child is given every opportunity to achieve their personal and educational aspirations.
